## Professional Experience

**OutWorld Concepts | Full Stack Developer**  
Mumbai (Remote)

May 2023 – Present  
1 year

- Developed a **unified codebase** for web and mobile apps using **React and React Native**, ensuring **code consistency** and streamlined processes.
- Created **custom plugins** and **extensions for Strapi**, enhancing content management workflows.
- Integrated **Razorpay** and **Stripe** for **secure, seamless** online transactions.
- Built **RESTful APIs** with NodeJs and ExpressJs, handling **authentication, authorization, and data validation**.
- Deployed applications** by **logging into the server** after development, ensuring smooth and reliable releases.
- Developed **pixel-perfect designs**, ensuring **accuracy, detail, and consistency** across web and mobile platforms.

## Professional Projects

### 1. MansWorld Web and App Solution | [NextJS](#), [ReactNative](#), [Strapi](#)

- Integrated Strapi as a **Headless CMS**, enabling **efficient content management** for both the **e-commerce** store and **blog** sections,
- Optimized **search engine visibility** using Next.js for **server-side** rendering, **enhancing performance** and page visibility.
- Utilized **React Native** to extend the website's reach with a **mobile application**, ensuring a **consistent** and intuitive **user experience** across platforms.

### 2. Zoyili Hotel Booking | [NextJS](#)

- Optimized website **performance** for fast loading times and smooth **navigation**, ensuring a positive user experience.
- Implemented APIs provided by java team to manage **hotel listings, bookings, and customer data efficiently**.
- Utilized advanced **search** and **filtering** functionalities to enhance user convenience in finding suitable accommodations.

### 3. New Year Calendar Generator | [NextJS](#), [Expressjs](#), [Prisma](#), [Postgres](#)

- Developed a **calendar generation system** for a pharmaceutical company, enabling the creation of personalized New Year calendars.
- Utilized Prisma for **database management**, Next.js for a dynamic frontend, and Express.js for a **secure, high-performance** backend.
- Optimized** the system for **scalability**, allowing for the generation of large volumes of calendars efficiently.

**Languages Known:** English | Telugu

## Programming Languages

**HTML/ CSS | Python | MySQL**  
**TypeScript | JavaScript**

## Front End Frameworks

**React.Js | React.Native | Next.Js**  
**Bootstrap | Tailwind**

## Back End Frameworks

**NodeJs | ExpressJs | Prisma | Strapi**

## Version Control

**Git | GitHub | Bitbucket**

## Education

**Under Graduation | 2019 –2023**

Bachelor of Science

Lovely Professional University

 Jalandhar, Punjab

## Professional skills

- Logical Thinking
- Self learning
- Initiation
- Creative
- Collaboration
- Team work
- Adaptive
- Tech Savy

## Domains/ Industry served

- E-commerce
- Hospitality
- Blogging

## Unique Value Proposition

- Risk Management
- Deadline oriented
- Real-Time critical task handling
- Discovery mind-set
- Process driver programmer
